

April

Hello Parents!

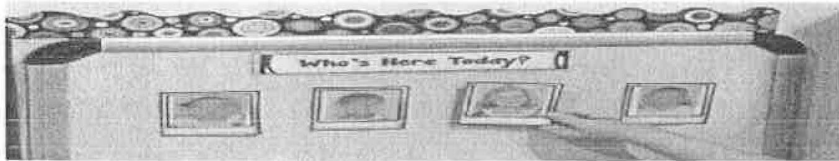

As Preschool teachers, we are providing your child with a home school connection. Here are some ideas to keep your child's school schedule at home. Let's bring Ready Set Learn into your home!

Tip #1: Circle Time

- Youtube Kids: Dance Your Sillies Out, Party Freeze,
- Children identify their names

Tip #2: Make a monthly calendar

- During circle time your child engages in learning about the calendar.

Tip #3: Shapes, Numbers, Colors

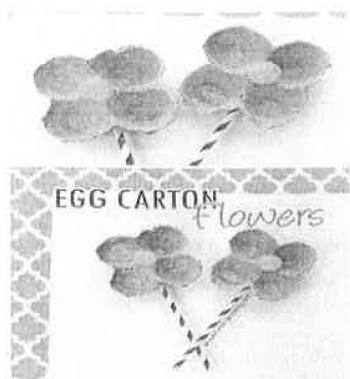

Below are some activities and experiments you and your child can do at home.

Arts & Crafts:

Egg Carton Flower

Materials: Egg carton, scissors, coloring material, and glue or tape

What to do: Cut off the last two rolls of the egg carton. Leaving you with four egg holders left. Let your child paint or color the egg carton bright spring colors. With the finishing touches add a straw to the back of the egg carton.

My Flower

Materials: Coloring materials and paper

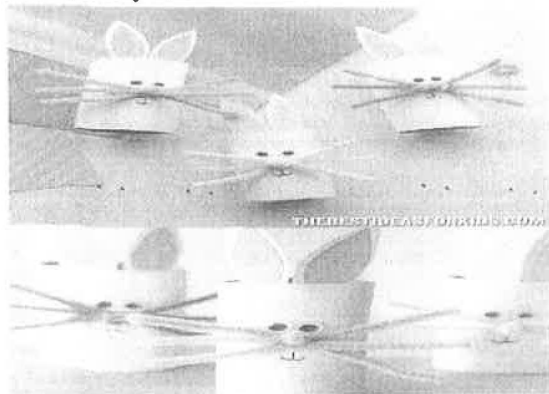

What to do: Before you start this activity create an image of a sunflower using paint (you want to have an image of what your child is going to make beforehand). Go over the parts of a plant (stem, leaf, and flower). Have your child create each part using their fingers (*yes, let's get in the mess!*)

Easter Toilet Paper Roll Bunny

Materials: Toilet Paper Roll, Pipe Cleanser, construction paper, glue

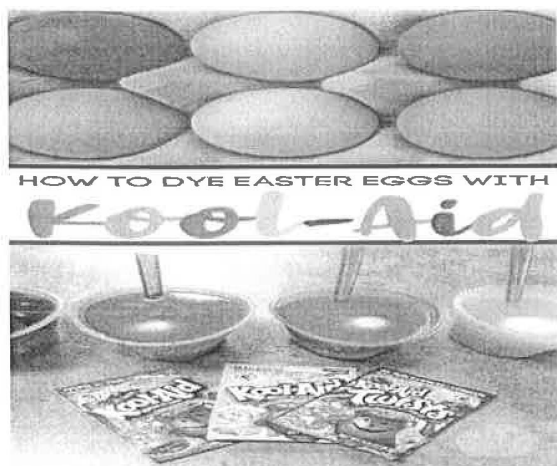

What to do: Cut bunny ears with construction paper. Have your child color the toilet paper roll and the ears. With glue add the pipe cleaners onto the paper roll. Don't forget to make your bunny silly face.

Easter Eggs Kool Aid

Materials: Large Plastic Cups, Different Color Kool-aid Dye, Spoons & Water

What to do: Fill your bowls with about 3/4 a cup of water, pour in a packet of Kool-Aid and drop your eggs into the bowl. Leave them there for about 2-5 minutes, and then pull them out to dry.

Sponge Paint Easter Egg

Materials: Sponges, Different Color Paint, White Construction Paper, Tape

What to do: Cut white construction paper into an oval. Put tape of different sizes on the cut out egg shape. With the different colors and sponges, have your child paint the egg using the sponges. When all dry take the tape off to see the design

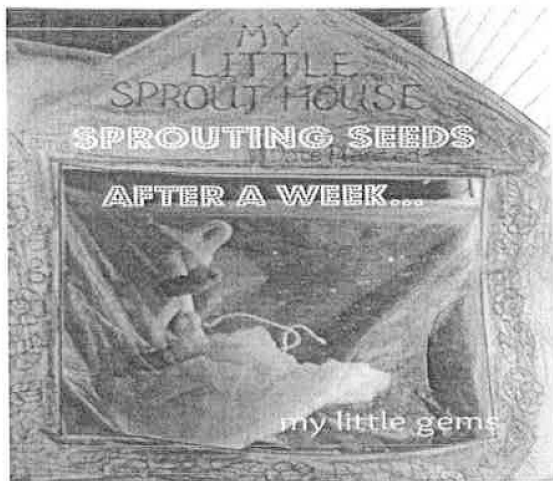

Science Activities

Sprouting Seeds

Materials: Jar or ziplock bag, paper towels, and seed

What to do: STEP 1: Fill the jar with paper towels. Kids can fold them and push them down into the jar. This is also great work for little hands. STEP 2: Gently put your seed into the jar with the wet paper towels. DO NOT FLOOD IT! STEP 3: Carefully push seeds down into the

paper towels around the edge of the jar so they can still be seen. Make sure they are firmly held in place.

Gross Motor Activities

Nature Walk- When you go outside have your child look for these materials. Create a game, go over textures, talk about size and colors. Children should be aware of what's in their environment. Make this field trip fun and exciting!

Dance & Movement

Youtube kids: Farmer Plants the Seeds-Nursery Rhymes, The Planting Song- Mother Goose, Sing a Song of Flowers- Kid Boomers

NAME _____

LIFE CYCLE OF A PLANT

Sequencing

Directions: Cut and paste the pictures in order.

Date _____

What do plants need to grow?

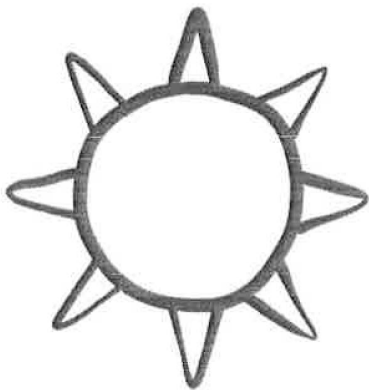

Color the pictures. Match each picture with the correct word

sun

air

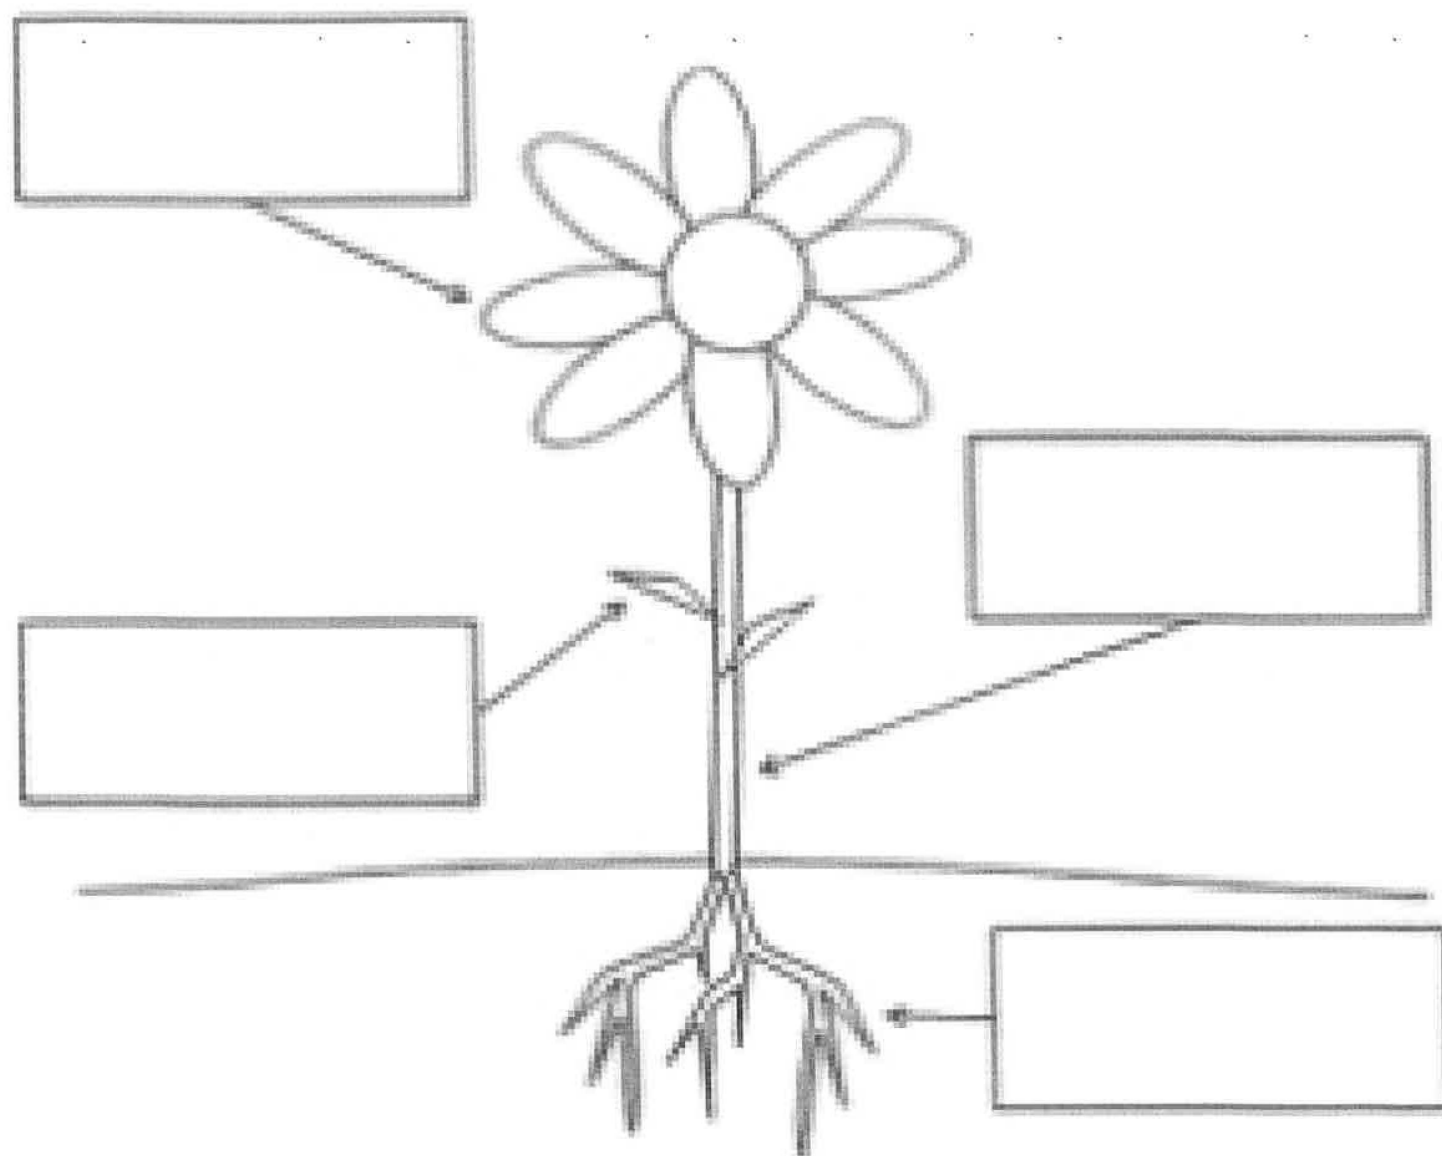

soil

water

Name _____

Parts of a Flower

stem

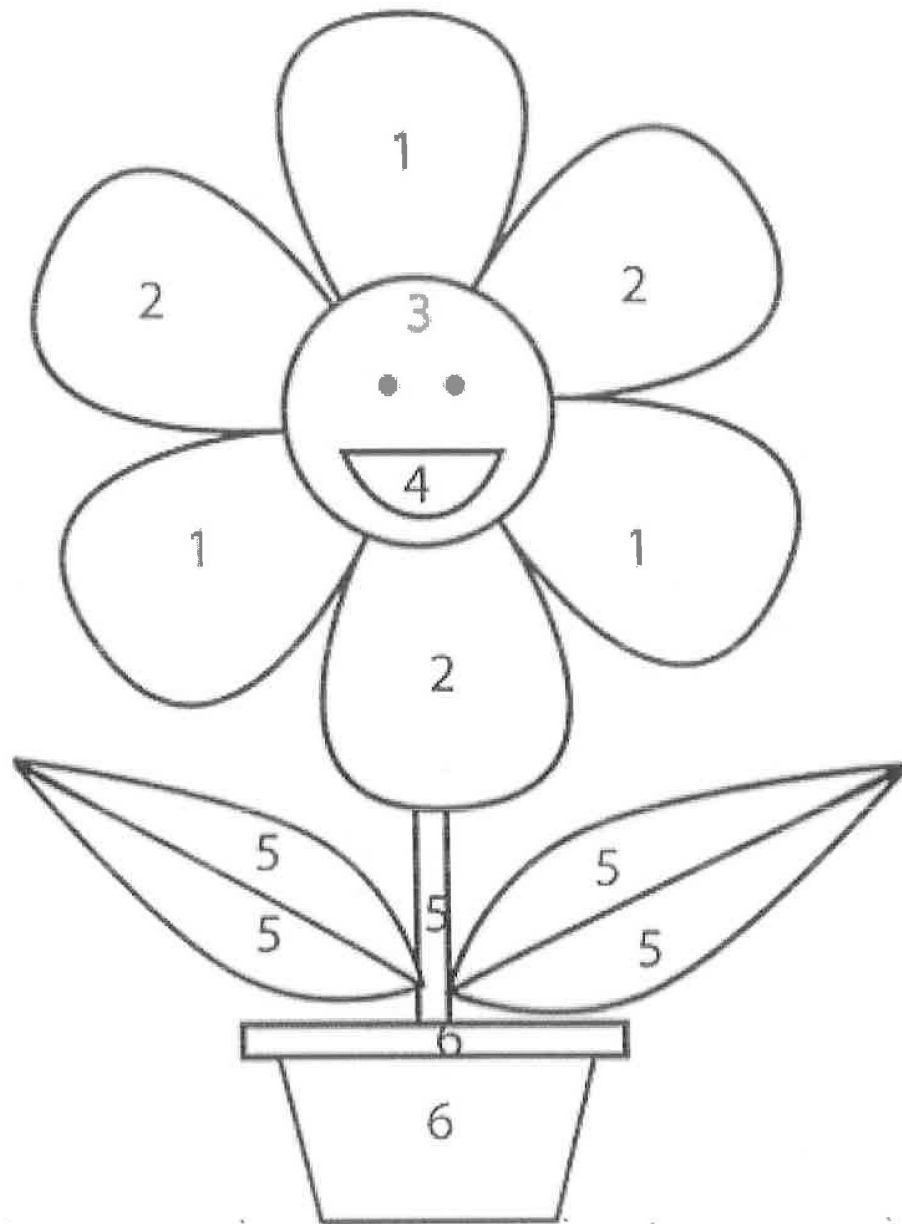

leaf

petals

roots

Color By Number Worksheet

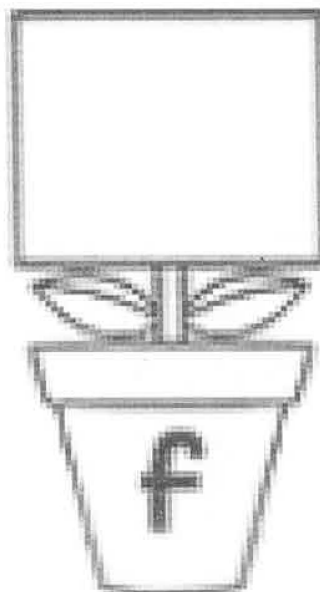

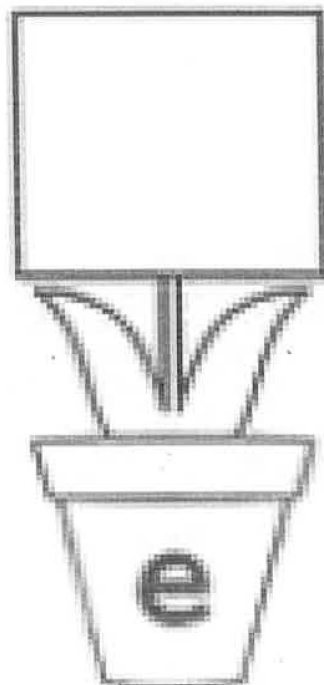

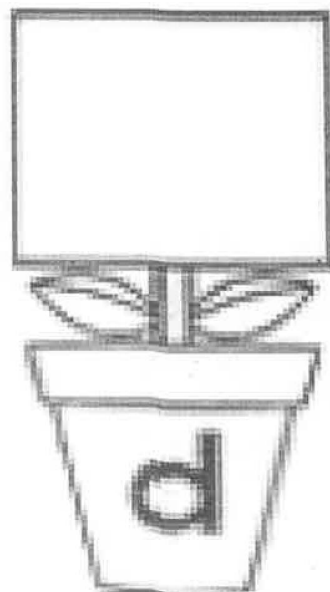

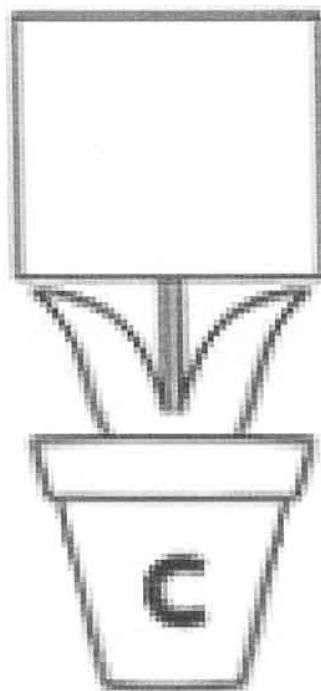

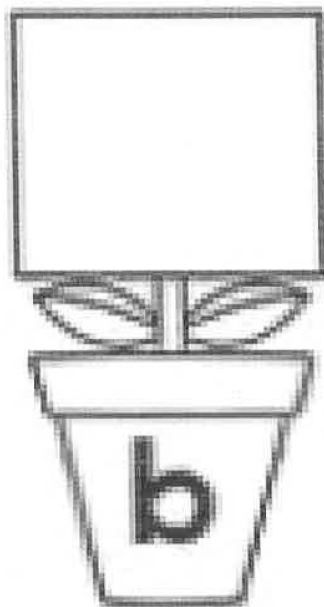

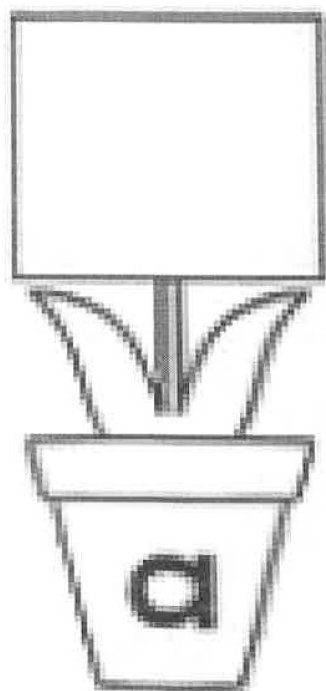

Name _____

1 - red, 2 - orange, 3 - yellow, 4 - pink, 5 - green, 6 - brown

Beginning Sounds

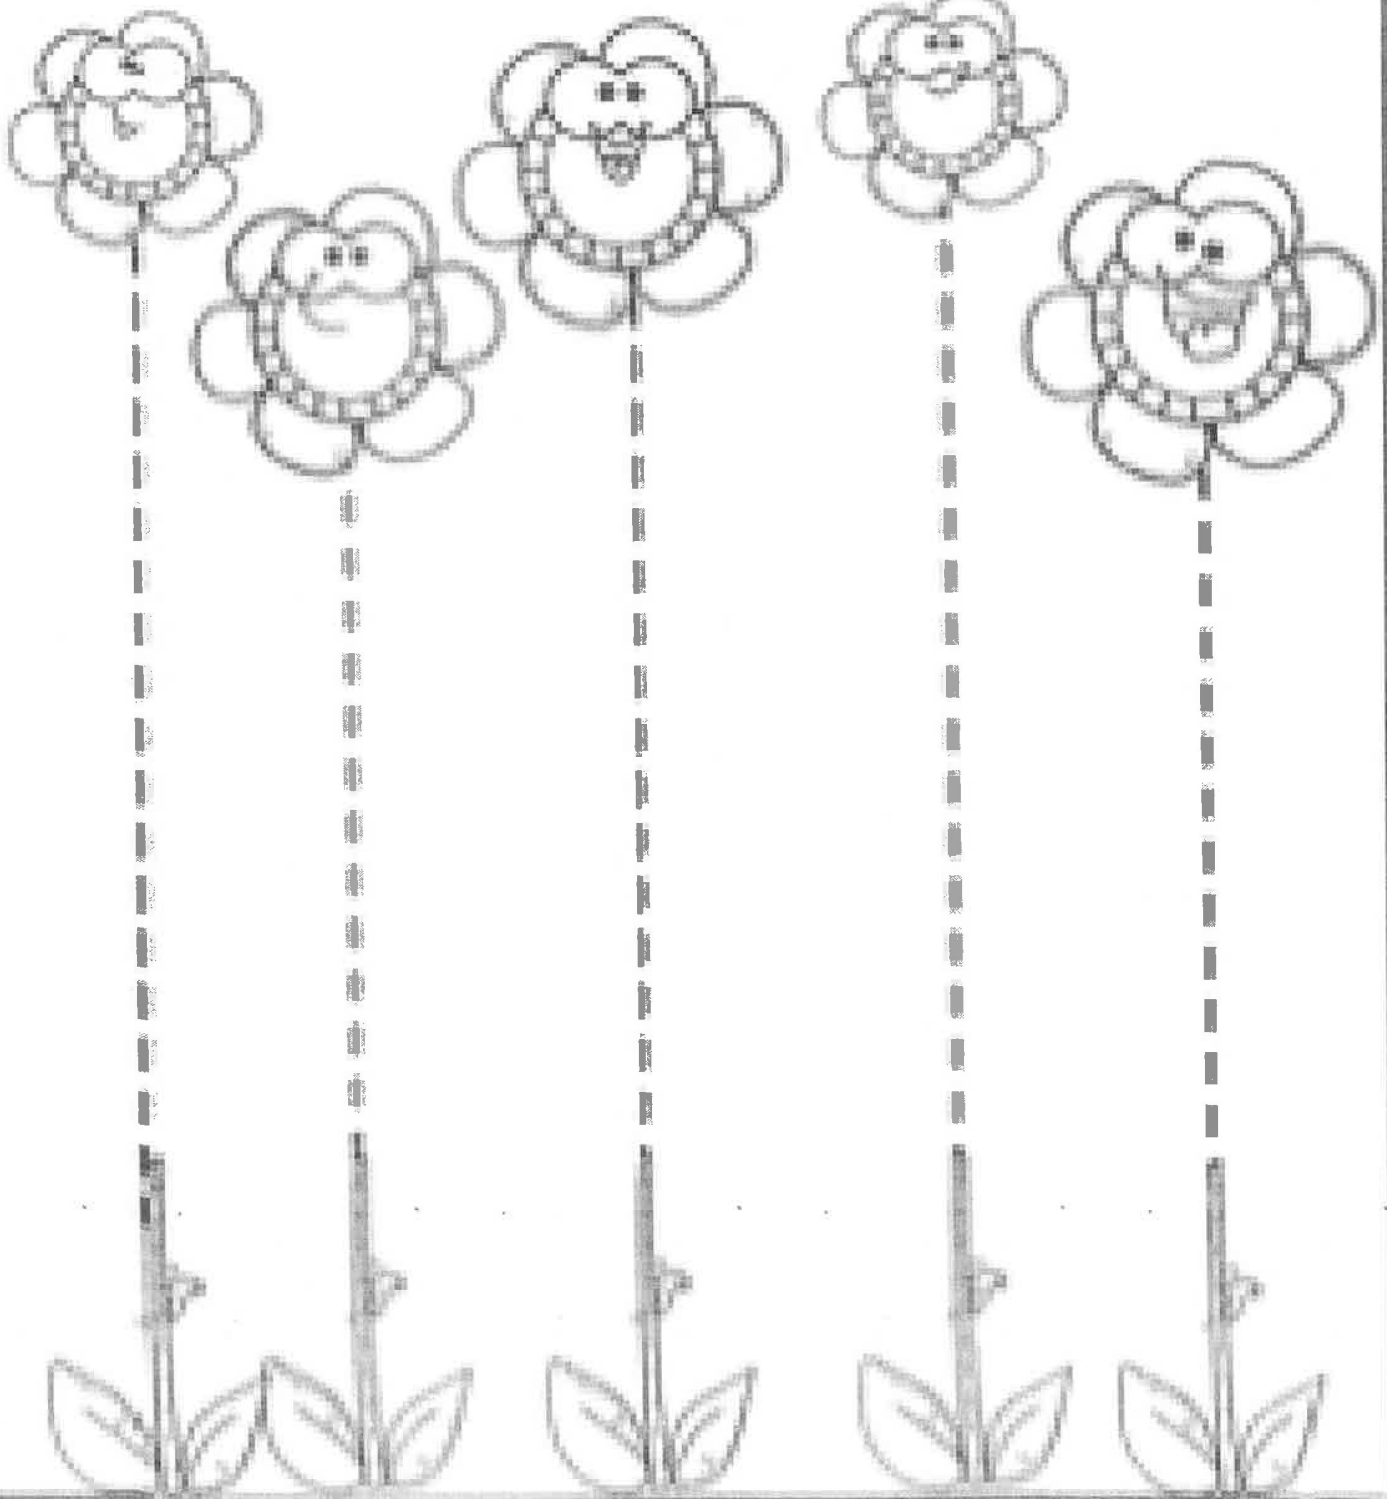

Cut and paste each picture on top of the correct beginning sound pot.

Name _____

Flower Tracing

Trace from top to bottom to connect the flowers with the stems.

Name _____

COLORS

Read the color words. Color the circles that color. Color the flower petals any color.

yellow

blue

purple

white

brown

red

green

pink

orange

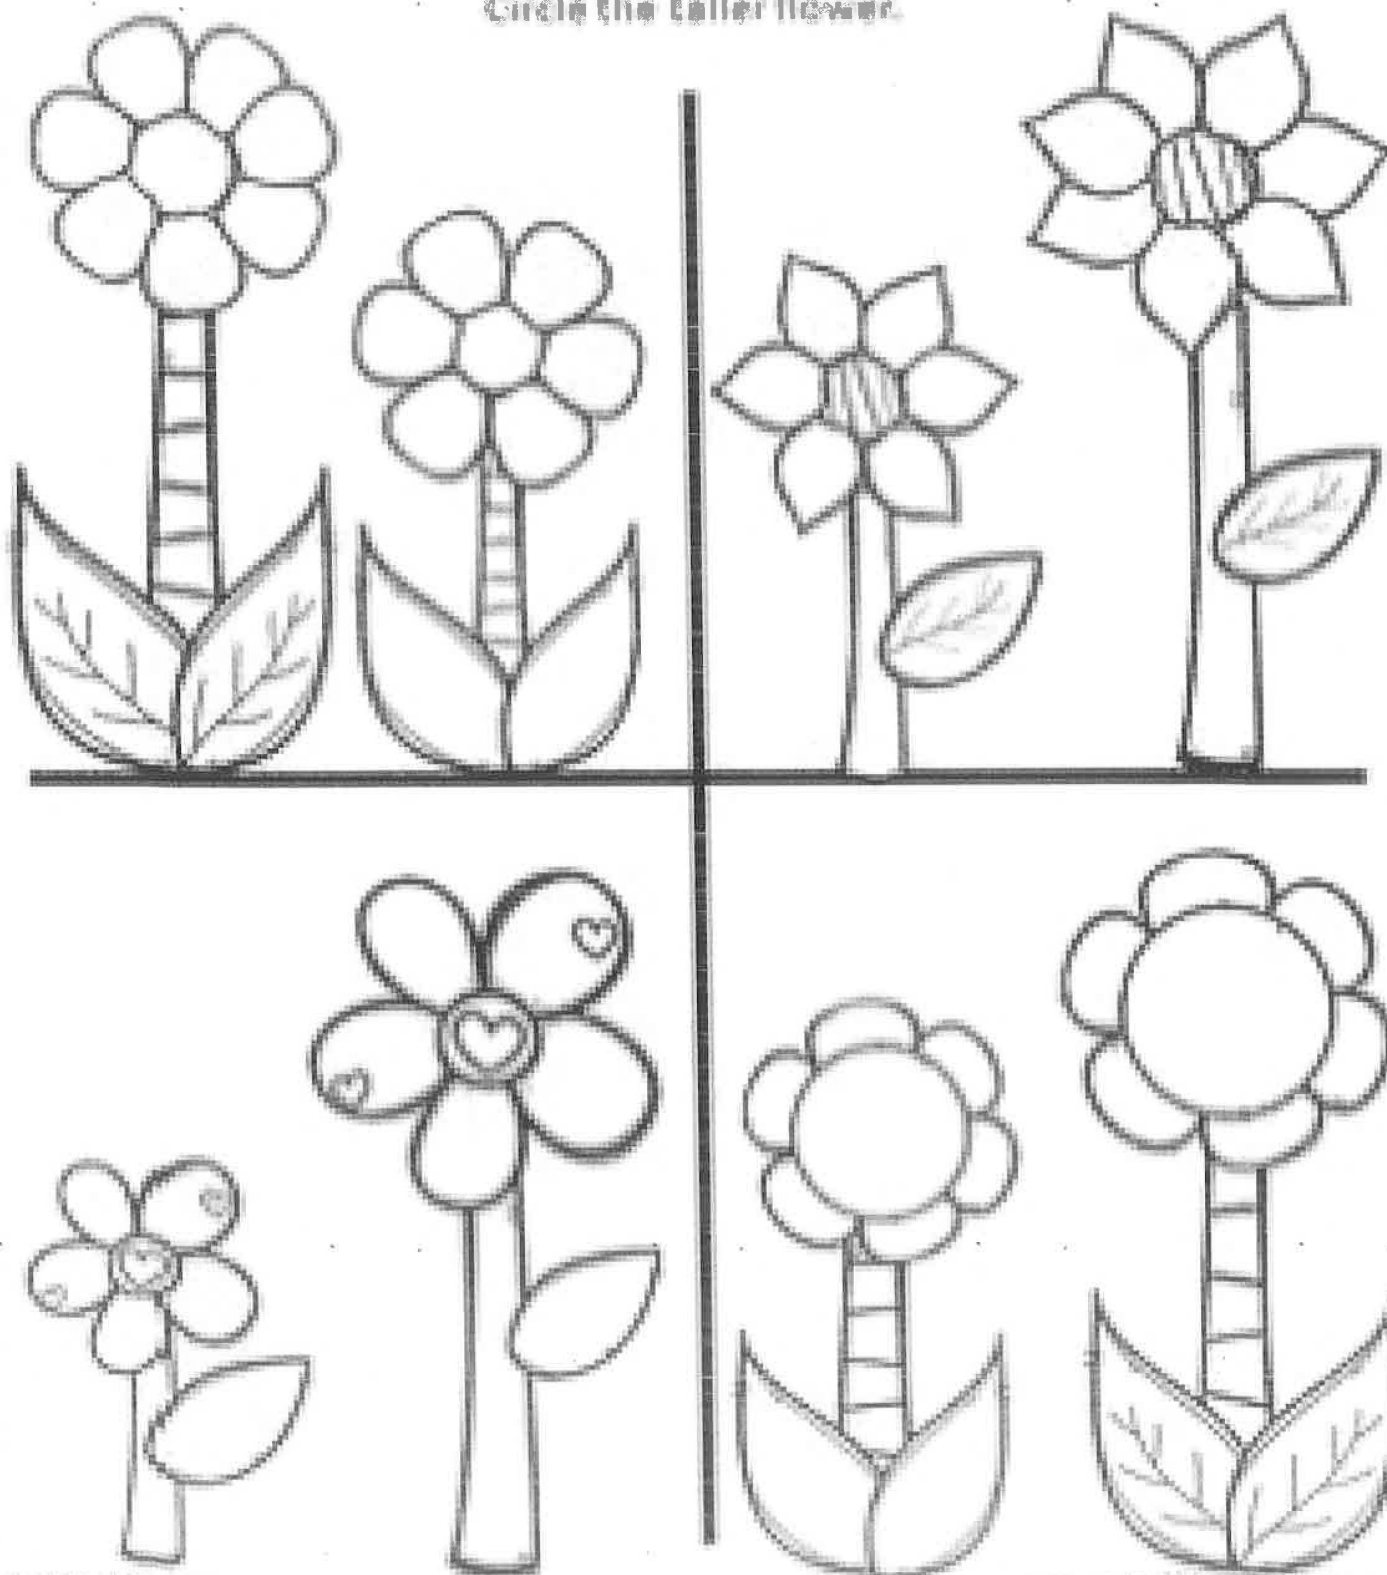

black

Name _____

Which is Taller?

Circle the taller flower.

NAME _____

SPRING COLOR BY LETTERS

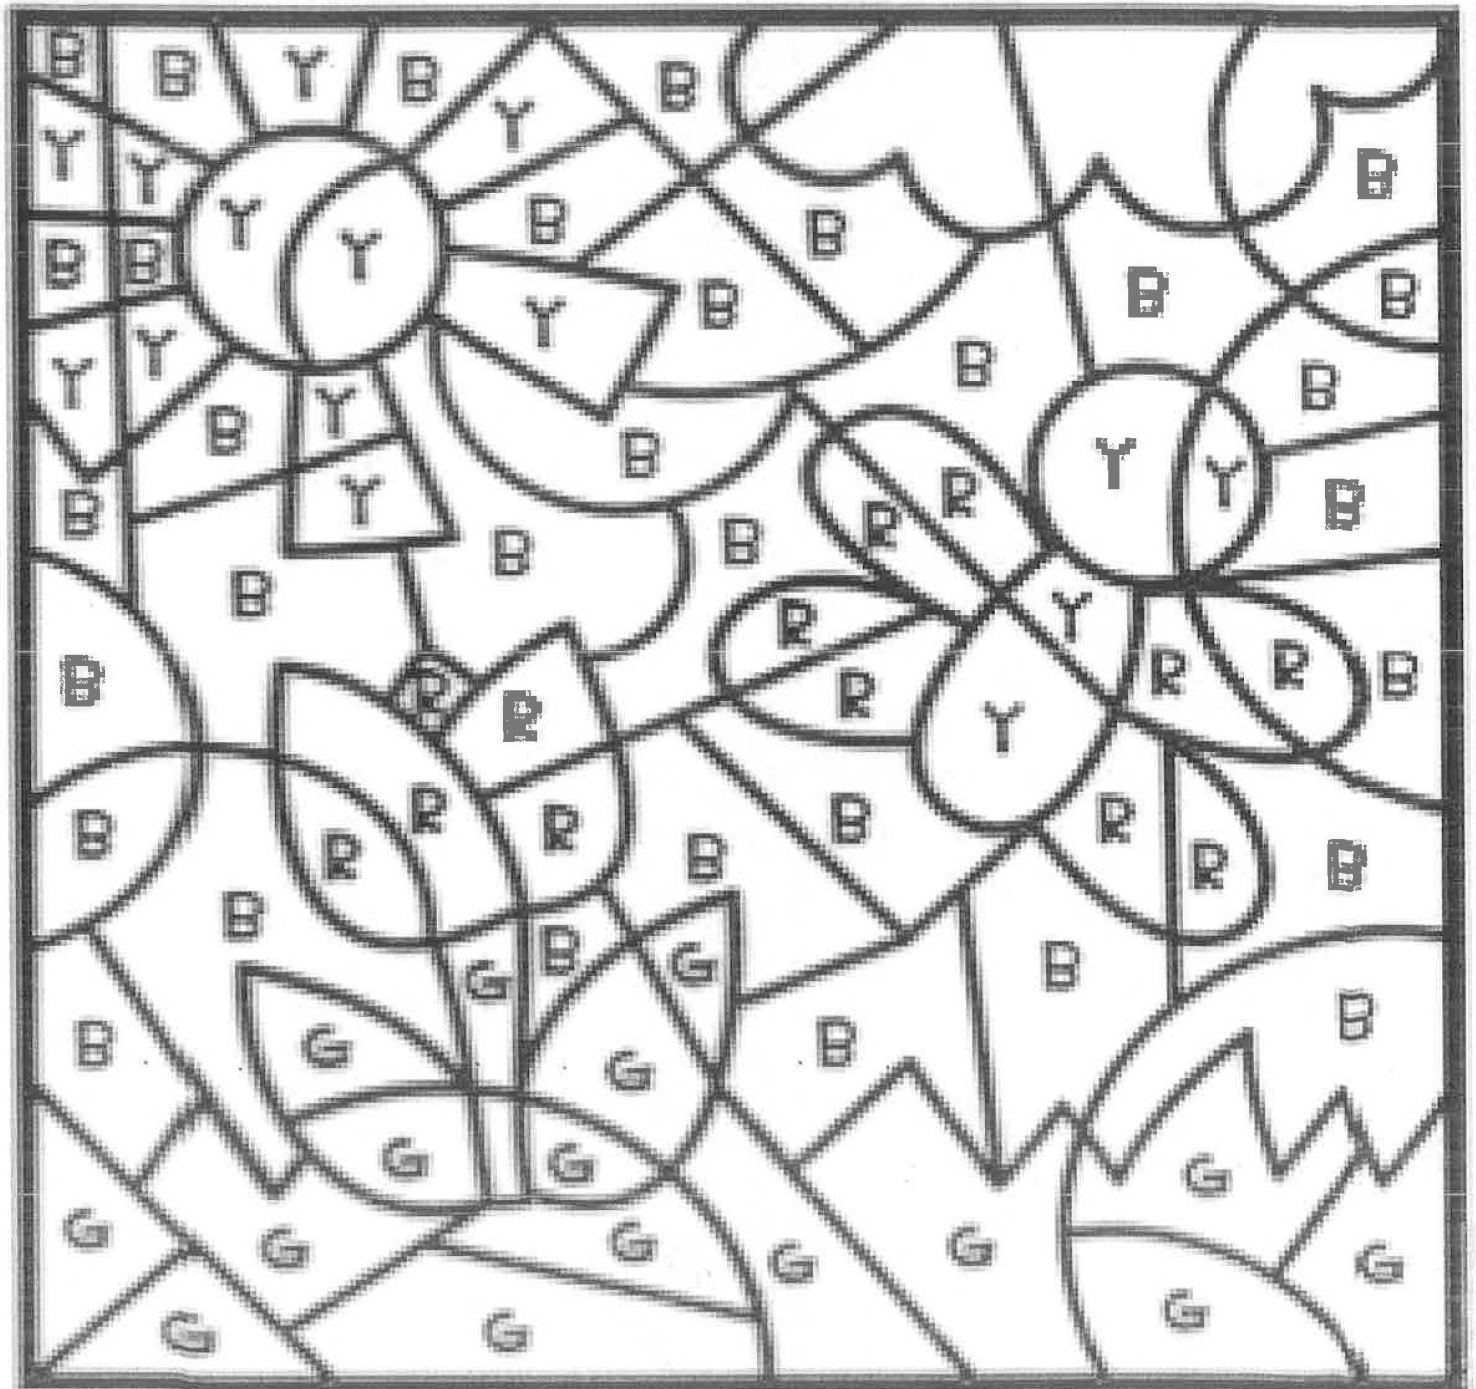

COPY THE LETTERS
